Udaan Educational Scholarship For Young Women

Empowering young women in Goa to build lives of dignity, purpose, and independence — a scholarship programme of the Smt. Usha Madanlal Gupta Foundation.

ABOUT THE FOUNDATION

Born from lived experience

“The Smt. Usha Madanlal Gupta Foundation was established to carry forward the values and vision of late Shri Madanlal Gupta, with leadership from the Gupta family — born from lived experience, of illness carried quietly and families navigating uncertainty. The Foundation honours his legacy of integrity, compassion, and service through healthcare, education, financial assistance, and emotional support.

We, at UMGF, invite you to explore the opportunities available and join our vibrant community of achievers.

OUR PRINCIPLES

Quality of Life must be preserved and enhanced at every stage of life — this is the litmus test for the decisions we take.

Quality of Life

Comfort, meaning, autonomy, and well-being at every stage.

Dignity in Death

Honoured through choice, respect, and humanity at life's end.

Compassion with Competence

Skilled care, delivered with warmth.

Preparation over Crisis

Planning ahead, so families are never caught unprepared.

Family-Centred Care

The people around a patient are cared for too.

Transparency

Clear about how help is given, and where it goes.

OUR FOCUS

Where our work concentrates

Across healthcare, education, and community welfare, the Foundation’s eight pillars guide where and how support is given — three shape the Udaan Scholarship most directly.

- 01

Education, Training & Livelihoods
Investing in the education and livelihoods that let families stand on steadier ground.
- 02

Patient & Family-Centred Care
The family carrying a scholar through her education matters as much as the student herself.
- 03

Community & Support Networks
Scholars join a network of peers and mentors, not just a grant.
